07 December 2009

The workshop comprises an excursion to companies and institutes in the United Kingdom dealing with different aspects of piston compressors. All participants will receive a certificate and, as a special highlight, the best papers on the workshop task will be awarded prizes (cash, free participation at next conference in Florence/I, training course).

Participants:

The workshop is open for all European students (universities and similar institutions, trainees, etc.). The number of participants is limited to 20.

Date and location:

May 25th – 28th 2010 in the United Kingdom

Organisation:

For students the participation is free of charge.

The EFRC will organise the trip and the transportation during the workshop and will also pay for the transportation to and from UK (max. 300,00 €).
